Chemnitz: Studying in the “City of Modernity”

Chemnitz is a hub for mechanical engineering, automotive sciences and Microsystems technology. A long tradition of industrial culture has significantly shaped this “City of Modernity”. Here at the TU Chemnitz you will find excellent academic and research conditions. (Karl Marx monument © Brüggemann/DAAD)

DAAD Young Ambassador Programme 2017 Announced

You've been to Germany for study or research? You loved it? Want to tell others how great it was? Then become a DAAD Young Ambassador! YAs are students or young professionals who have studied or carried out research in Germany (or are still doing that!) and are interested in promoting education in Germany. This way they keep their ties to Germany alive and most importantly, make a difference in something they feel strongly about.
Application Deadline: 12 June 2017

Coming Soon - Falling Walls Lab India 2017

Great Minds - 3 Minutes - 1 Day
Share your innovative idea - may it be a research project, business plan, entrepreneurial or social initiative that is relevant to the world of today - in 3 minutes - at the Falling Wall Lab India 2017 taking place in Chennai, win a scholarship and travel to the finale in Berlin!
To get the announcement in your inbox as soon as it is out, leave your email id here!

Over 170 'WISE' Scholars take off for Internships

The DAAD Regional Office in New Delhi, in collaboration with its network offices in India, conducted six pre-departure meetings for DAAD WISE scholarship awardees. The meetings which took place in Bengaluru, Chennai, Kolkata, Mumbai, New Delhi and Pune were organised with the aim of familiarising the young students with life in Germany.

Working Internships in Science and Engineering, commonly referred to as 'WISE', is one of the most popular programmes of the DAAD in India, which funds bright students from selected Indian institutions of higher education to pursue 3-month summer research internships at premier universities and research institutions in Germany.

Indian Student Groups in Germany - AISA, Aachen

So you’ve landed that dream course at RWTH Aachen or FH Aachen and are wondering what next. How do you prepare yourself for a new place and all the complexities that come with it? We, the Association of Indian Students in Aachen (AISA), are a bunch of committed Indian students in Aachen who see it to it that you have a smooth transition as you
settle in Aachen, right from welcoming you in Aachen with guided tours and other events to integrate into the community. We also organize cultural evenings where we present a glimpse into the plethora of cultural diversity that is India. One of our biggest events is a cultural fest called Diwali where we have over 600 guests and we put up a cultural performance with dance and music.

JNU and University of Würzburg partner in Foreign Policy and Strategy

Within the scope of “Indo-German Partnerships in Higher Education” programme financed by the DAAD and the University Grants Commission (UGC), Jawaharlal Nehru University and University of Würzburg are collaborating on “Foundations of the Indo-European Strategic Partnership”. The launch workshop was inaugurated by the EU Ambassador to India on 10 April 2017 and focused on “India and EU as Foreign Policy Actors and their Strategic Partnership”. The workshop witnessed intense discussions about the conditions, the potentials and the relevance of both partners and the respective actorness of India and the European Union in a dynamic global context. It challenged numerous underlying assumptions and opened up new research possibilities on both ends.

MBA, Master or Double Degree at University of Applied Sciences Bremen (Advertorial)

As part of the University of Applied Sciences Bremen the IGC offers 2 different Master programmes, 4 different MBA programmes, of which many include the option for a Double Degree, and one of it should match your interest:

FAQ: How do I get a student visa for Germany?

Visit the website of the German Embassy or the German Consulate and read up. The musts are:
- Letter of admission from a German university
- Documents as listed on the German Embassy website
- A blocked account ("Sperrkonto") in Germany in your name with the stipulated amount or a scholarship/ sponsorship
- Application for visa at the German Consulate or the Embassy depending
upon your place of residence

**Plan your action in a timely manner** - the procedure can take up to 8-12 weeks.

**DAAD Research Ambassador: Dr. Manmohan D. Goel**

Dr. Manmohan Dass Goel, Applied Mechanics, VNIT Nagpur

It was summer of 2010, when I started my journey to the whole new world of nice experiences under the umbrella of DAAD sandwich model PhD scholarship. My initial months helped me to adapt to the professional, structured environment and exceptionally beautiful people of Germany. I worked with Prof. Dr. Steffen Marburg research group for one year at University of German Armed Forces. My research was focused on “Blast response of structures and its mitigation using advanced lightweight materials” ...Read more

**My Germany Experience**

Ankita Sood, Architecture & Planning, Technische Universität Darmstadt

When, in 2012, I joined IIT Roorkee for post-
graduation I had no idea the journey will take me to Deutschland or I must say to dreamland. DAAD – IIT Master Sandwich Program was the medium and it gave me one of the most enriching experiences of my life. My research area revolves around making disaster-resilience a mainstream urban-planning consideration in India. To my astonishment the entire Germany became a case-study for my project...

Narayan Prasad, Space Science, Friedrich-Alexander-Universität Erlangen-Nürnberg

As an Erasmus Mundus SpaceMaster graduate, I got a chance to study at the University of Würzburg and then did my following semesters in Sweden and France. Given the quality of industries and research institutions, I felt that Germany is a great destination for studies that lead into either industry or research. This made me come back to Germany in the last leg of my studies to work at the Deutsches Zentrum für Luft- und Raumfahrt (DLR) to complete my thesis... Read more
